Director's Perspective

It gives me immense pleasure to handover this newsletter to you and to acquaint you with the marvellous achievements and milestones we have accomplished in this academic year of 2020-2021.

Our institute is committed to develop programs designed to equip students with the knowledge and skills needed to succeed in the national and international workplace. The institute believes that, training to be a manager' is not enough, thinking professionally is more important.

We develop all- round individuals with strong analytical and entrepreneurial capabilities. We are concentrating on developing and enhancing the students soft- skills through a variety of extra-curricular programs including elocution competition, seminars of renowned corporate personalities, paper presentations and the like.

Today's manager has to be a livewire, to serve the organizational, customer-level and the later higher expectations. Aspirants need to acquire IT knowledge, managerial and leadership skills, cannot be less of passion and vigour to understand today's business organization and market phenomena. The Karmaveer Bhaurao Patil Institute of Management Studies and Research, Satara over the years always strives to imbibe the requisite skills among its students for the same purpose.

At KBPIMSR, we make our sincere efforts to, provide a broad and competent homework of human capital i.e., a cluster of basic elements viz. knowledge, relationship, courage and love for one's work and responsibility. To develop students with all managerial, entrepreneurial skills as well as a good human being is our prime focus and we are privileged to do the same.

We look forward for a bright future together.

Rayat Shikshan Sanstha

The Rayat Shikshan Sanstha is one of the leading educational institutions in Asia. The value of its contribution to education in general is enormously great as it has, from the very beginning, tried all its best to lay emphasis on the education of the down-trodden, the poor and the ignorant who really form the major bulk of society. The founder of the institution, late Dr. Karmaveer Bhaurao Patil, was a man of the masses who devoted all his mind and heart to the cause of their education. He had an incisive understanding of the social ills that beset his times and fully realized the dire need of the spread of education. He believed that education alone could correct the social

ills such as caste-hierarchy, money-lending, illiteracy, untouchability, superstitions and social and economic inequality. Throughout his life he tried to translate this belief into reality. He was the champion of the poor, the weak, the dispossessed and left no stone unturned for their upliftment. He was a great humanitarian who endeavored hard to educate the masses to bring a kindly light of hope in their lives of misery and ignorance. He realised that the social ills could be remedied through the education of the masses alone and laid the foundation of the RayatShikshan Sanstha by opening a Boarding House at Kale (Tal-Karad, Dist-Satara) in 1919. Soon, however, in 1924 he shifted the head-quarters of his educational institution to Satara.

KBPIMSR

Rayat Shikshan Sanstha's Karmaveer Bhaurao Patil Institute of Management Studies and Research (KBPIMSR), Satara was established in 1981. Sanstha has notified that this Institute is the new branch of Sanstha established for catering the need of professional education under the faculty of management. This is the only institute in Satara district catering professional courses viz. M.Phil., MBA, BBA, BCA, DBM under the faculty of Commerce & Management. Till this day the institute stands strong in its commitment of catering the need of professional education to aspiring individuals in the field of management.
